NAN PATTERSON FAINTED WHEN JURY REPORTED A DISAGREEMENT

Girl's Lawyers Confident She Will Not be Tried Fourth Time.

ACTRESS MAY SOON BE ADMITTED TO BAIL.

Reported That Last Ballot Early Thursday Morning Stood 11 for Conviction and One for Acquittal--Nan Says She Feels Public Believes Her Innocent Of Murder.

New York, May 4.—The failure of the jurors to reach a verdict in the case of Nan Patterson which resulted in their discharge early this morning by Recorder Goff, after they had reported that they had been unable to agree, makes it extremely improbable that the girl will ever be called to the bar again to answer to the charge of slaying her lover, Bookmaker Young.

While the jurors swore themselves to secrecy regarding their deliberations and the ballots, it was learned that the last ballot were 11 for manslaughter and one for acquittal. The lone juror stood out until the end and refused to be brought over.

Miss Patterson had quite recovered this morning from her complete collapse in court where she lay for twelve minutes in a dead faint in her counsel's arms, while the jury was making its second and last report that it could not agree. When the jurors were discharged and had left the room, the prostrated girl was borne from the room in the chair in which she had fainted. She was restored to consciousness by a Tombs physician and put to bed, where she fell into a sound sleep, awakening much refreshed this morning.

Nan was much depressed and was quite loathe to submit to a short interview this morning. Her face was deathly pale and her eyes were dull and almost expressionless.

"I wonder what will happen now?" she said simply. "I am so disappointed at the outcome, which I felt would mean absolute acquittal for me, that I don't care now. The torture that I have undergone and tried to bear so patiently has burned into my heart so deep that I hardly believe I can feel pain any more. Will they bring me to another trial? I do not know. I cannot say. What difference can it make except to my dear old father and mother?"

"This much I am assured, that a jury never can be brought together that will convict me. I am innocent and I did so want the jury to tell the world of my innocence. I felt that the public though, believes in my innocence."

Council for the girl will move at the earliest opportunity that she be admitted to a nominal bail which will not be opposed by the district attorney's office, it is thought. Later the district attorney will move to quash the indictment, it is believed.

Though the jury stood so overwhelmingly for conviction, which would mean a retrial in any other case, the public sentiment and sympathy would swing so strongly to the girl three times brought to trial, that the purpose of justice itself would be defeated were she called to the bar again. General sentiment is strong that justice has now been done and a retrial

Patterson said he regretted that a verdict had not been arrived at. The state, he said, had spent much time and money and he had hoped for a verdict. He believed the jurors had conscientiously done their duty.

The jurors filed out in silent order and declined to talk on their deliberations.

Foreman Aldrich said: "We have sworn ourselves to secrecy not to discuss the deliberations, the number of the results of the ballots."

All during the latter part of the court proceedings Miss Patterson still in a dead faint, lay back in her chair. The jury gone out, the court attendants picked up the chair with the unconscious form and bore it to the girl's cell in the Tombs. A heartbroken and sobbing father followed the daughter to the cell, where she was attended by Dr. Maguire, the prison physician and her sister, Mrs. Julia Smith. She soon recovered from her faint and was put to bed, where exhausted nature shut out the agony pictures in her mind by a screen of sleep. Dr. Maguire said that the girl had suffered a serious collapse, which in a girl of another temperament would have doubtless been very serious.

Abe Levy, chief counsel for Miss Patterson, said this morning: "I will apply for Nan to be admitted to a nominal bail at once. The disagreement is equal to an acquittal as far as her liberty is concerned. It may be that the district attorney will apply to have her admitted to bail. If he does not then I will take the steps. She will never be placed on trial again. Of this last I am certain. I am disappointed that she was not acquitted."

B. & O. ENGINE EXPLODES FIREMAN PATTERSON KILLED

Warren, O., May 4.—Fireman A. Patterson of New Castle, Pa., was killed in the explosion of a B. & O. engine boiler this morning. Engineer Kelly and brakeman Waldron were badly hurt.

CASHIER GOLL IS FINALLY CAUGHT

CAPTURE OF MILWAUKEE MAN IS
MADE IN CHICAGO BY A
DETECTIVE.

Tax Collector Edward Smith Wanted
at Frisco is Also Arrested at
St. Louis.

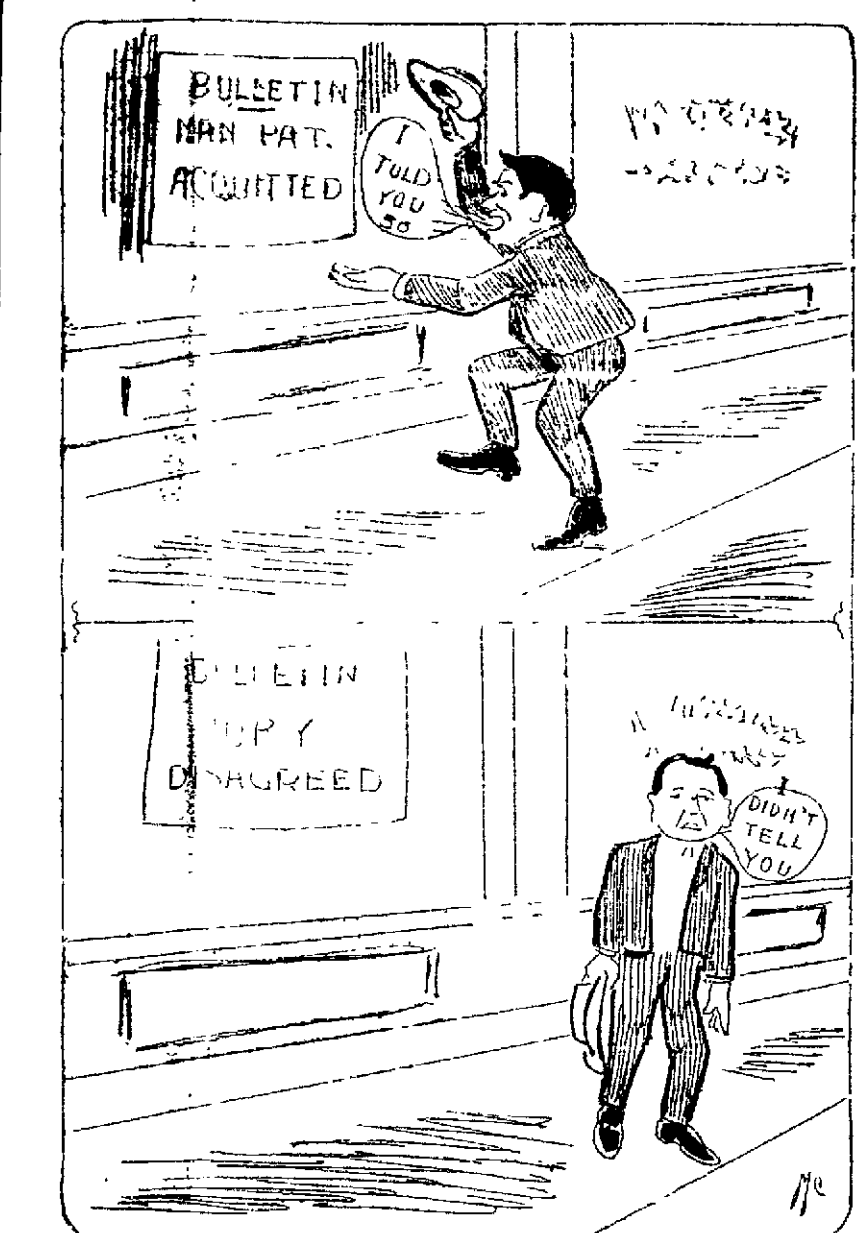

Milwaukee, Wis., May 4.—Henry G. Goll, the former assistant cashier of the First National bank of this city, was arrested in Chicago. The capture was made by Detective Dennis Sullivan of the Milwaukee police department. It appears that Goll has been in Chicago for several days, staying at a different hotel every night. Sullivan got a clew to his being in the city and traced him from place to place until he finally ran upon him. A warrant was issued for Goll's arrest at the same time the warrant was served on Frank G. Bigelow, the defaulting bankrupt. Complaint sworn to by United States District Attorney Butterfield charges Goll, the same as Bigelow, with embezzling an amount exceeding \$100,000. Goll was returned to Milwaukee.

Defaulting Collector Captured.
St. Louis, May 4.—Following the arrest here of Tax Collector Edward J. Smith of San Francisco on a charge of having embezzled city funds, Leona Brooks, who was registered at the Jefferson hotel as Mrs. Smith, was taken into custody. She denied that she had left San Francisco with Smith or that they had been together. Smith talked freely of the charges against him, admitting to the police that he had embezzled, saying the amount of his shortage was in the neighborhood of \$60,000. "I was too good a fellow," he said. He then told of having spent money lavishly in having a good time and in entertaining friends.

FIVE ARE DROWNED

Newport, R. I., May 4.—The tug Gertrude reports the loss of the big barge Moonbeam off Point Judith last night. The Moonbeam foundered in the gale, going down with all on board, including the captain, engineer, steward and two children.

TOWN DESTROYED BALTIC FLEET

Feared Many Lives Lost at St. Johns, Ariz.

WALL OF WATER 20 FEET HIGH

Swept Through Holbrook But Warn- ing Had Been Given People of That Village.

(Bulletin.)
San Francisco, May 4.—Dispatches from Holbrook, Arizona, today show one Mexican drowned and vast destruction of property by waters of the St. Johns dam, which broke yesterday afternoon. At Holbrook, 70 miles below the dam, the wall of water 20 feet high inundated buildings. The ruined structures were deserted early, a warning having been sent. Hundreds of cattle were drowned. Hundreds of families are homeless. Advice from St. Johns, seven miles below the dam, say the village was practically destroyed and it is feared many lives were lost.

ALEXANDER

Has No Intention of Resigning as Pres- ident of the Equitable Insurance Company.

New York, May 4.—President James W. Alexander of the Equitable Life Assurance society gave out a statement in which he makes a denial of all reports to the effect that any one has been asked to succeed him as president of the society. He said: "All reports that anybody has been asked to be president of the Equitable are obviously false. I was elected president by the board, and have no intention of resigning. There is no body of men having authority to offer the presidency to anybody. Caution should be exercised in accepting unauthorized statements."

Resigns as Trustee.
New York, May 4.—President James W. Alexander of the Equitable Life Assurance society resigned as trustee of the majority stock left by the late Henry B. Hyde. It was said that Mr. Alexander was moved to take this course because of James H. Hyde's charge that he had been disloyal to his trust.

CZAR BUYS SHIPS

Russia Gets Three Battleships and Seven Cruisers From the Argen- tine Republic.

(Bulletin.)
London, May 4.—St. Petersburg advices today confirm the purchase by Russia of three Chilean and Argentine navies. The vessels secured from the Argentine Republic number three battleships and seven cruisers. Russia is dispatching ships from South America carrying men and stores for the new vessels. According to reports Charles M. Schwab and Charles R. Flint of New York, were the agents through which the sale was made.

EMPLOYERS ASK GOVERNOR TO CALL OUT STATE TROOPS

In Many Quarters It is Believed Militia Will be on Strike Duty at Chicago Within a Few Hours--More Vi- olence--Reign of Terror Exists.

Chicago, May 4.—A committee of employers comprising twelve representatives of the largest business interests, left this noon for Springfield to ask Governor Deneen to call out the national guard.

The employers declare "reign of terror, lawlessness and mob violence exists," and that the local authorities are unable to cope with the situation.

Plans of peace are still being discussed but without success. In many quarters it is believed that state troops will be called out by the governor before night. The strikers hope to prevent this step however, and have appealed to the governor.

In many cases white men are replacing the negro strike breakers.

Charles Riebling, while on his way to work having nothing to do with the strike, was attacked and probably fatally hurt by a mob near the strike breakers headquarters today. John Dansberry, a strike breaker, was shot by an associate, precipitating one of the worst riots of the strike. Strike sympathizers and breakers became involved, union men getting the mastery of their opponents. In the fracas Riebling was attacked. Scores were hurt.

Otis Kirth, the strike breaker, was horsewhipped and run down by a car. He may die. John Teresa, driver of the cab that ran over and killed police sergeant Cummings while the latter was engaged in strike duty, was held to the grand jury under \$5,000 bail, charged with manslaughter today.

The strike today spread to several firms because deliveries were attempted to boycotted business places. In the rioting last night, Frank Clark, a new policeman, and Sidney Chambers, a non-union driver, were injured, the latter probably fatally.

Chief O'Neill now has 2,000 policemen on strike duty. Magistrates are imposing heavy fines on rioters, in many cases as high as \$100. President Shea and other officers of the Teamsters union, have been sued for \$25,000 each by the United States Express company. The employers today sent out more than one thousand wagons. The desertion of many strike breakers continues. Jeff Murphy, colored, an imported strike breaker, was arrested today on the charge of having caused the death of Charles Bead Tuesday by fracturing his skull with a rock.

TROOPS NOT NEEDED

Chicago Police Have Situation Under Control is Declaration of Mayor Dunne.

Chicago, May 4.—Suits for \$25,000 each were filed in the superior court here against Cornelius P. Shea, president of the International Teamsters' union, and James B. Barry, an officer of the same union. The suits were filed by attorneys for United States Senator Thomas C. Platt, president of the United States Express company. This action on the part of the express company, it is declared, is due to the present strike, and to the influence which Shea and Barry are said to have exerted over employees of the United States Express company in inducing the men to join the ranks of the strikers.

Report is current that President Shea of the teamsters' union had made overtures to the Employers' association looking toward a settlement of the strike. Shea's proposition, it is said, was for the employers to reinstate all the union teamsters now on strike with the exception of those who prior to the strike had been employed on wagons which have been taken over by the Employers' association. The employers, it is asserted, refused to consider the proposition in any manner, declaring that they were of the opinion that the fight was practically won, and they would continue the fight until the teamsters' organization was broken up.

Many of the leading business men have concluded that there will be neither peace in the city nor safety for its business interests until the state militia has been called out to restore order. Mayor Dunne, however, was emphatic in his declaration that he will not acquiesce in any call for outside assistance in preserving order, and intimated that he will strongly oppose any attempt to secure armed protection. He takes the position that Chicago must first exhaust every possible resource before it can stand before the world and admit that peace and order can not be preserved in the city's streets.

Despite the orders of Mayor Dunne and the prohibition of the city council, many of the wagons of the express

CALEB POWERS

Applies to Circuit Court to Have Case Transferred to United States Court in Kentucky.

Georgetown, Ky., May 4.—Caleb Powers, accused of conspiracy before the fact to murder William Goebel, made application to the circuit court to have his case transferred to United States district court for the eastern district of Kentucky. Former Governors Richard Yates of Illinois and Frank S. Black of New York assisted as counsel for Powers. Powers bases his petition for transfer to the federal court on the claim that he has been denied and is being denied the equal protection of the laws as guaranteed by the fourteenth amendment to the constitution of the United States. The court will pass upon the question at a special term called for July 10.

RUSSIAN FLEET

Is Said to Have Effectuated a Passage From the Indian Ocean Into the China Sea.

London, May 4.—A news agency dispatch from Hong Kong today says an official Chinese report states that the greater portion of the Russian Baltic fleet arrived at Laogsoi Bay on the south coast of Hainan Island May 1.

London, May 4.—Advices from Singapore Straits Settlement say the Russian fleet is reported 200 miles north of Singapore this morning. Presumably the squadron is that of Admiral Nebogatoff. If the vessels are Nebogatoff's, he has effected a passage from the Indian ocean into the China sea and is probably on his way northward to join Admiral Rojestvensky.

CARD PARTY PRIZES ARE NOT GAMBLING SAYS SUPREME COURT

Many Newark people will be glad to know that the Supreme court of Ohio has decided that playing for prizes at card parties is not gambling. The law bulletin, containing the decision of the Supreme court on the lottery schemes of Cincinnati papers quotes from the decision as follows: "The vice of the project (Cincinnati newspaper guessing contests on election results) lies in the payment of money for the opportunity to win more money by a scheme of chance. It is not simply the winning of prizes that the statute seeks to prohibit. There may be such contests in which there is no element of gambling. If the contestant or player risk nothing, as where the prizes are offered in school by teachers to scholars for the best essay, OR IN SOCIETY BY THE HOST OR HOSTESS AS AN INDUCEMENT TO GUESTS TO ATTEND SOCIAL GATHERINGS AND INDULGE IN GAMES INNOCENT IN THEMSELVES, THE WINNERS TO RECEIVE PRIZES AS MATTER OF GRACE OR FAVOR, AND AS REWARD FOR SKILL, IT IS NOT CONSIDERED THAT THE FUNCTION EMBRACES ANY GAMBLING ELEMENT, WHATEVER OTHER OBJECTIONABLE FEATURES, IF ANY, ARE PRESENT."

"But where the players make up by payment of money or other thing of value, a purse which affords the prizes as in the ordinary raffle, the game is a gambling game, whether skill enters into the result or not."

BY HUGE OWL

ZANESVILLE MAN ATTACKED AND PROBABLY FATALITY HURT.

Laid Bare the Bones of His Breast and Arms—Mr. Fredericks is Not Expected to Live.

Zanesville, O., May 4.—Harvey Fredericks, an employee of the Farm theatre a summer resort, is now lying in life and death as the result of a fearful encounter which he had yesterday with an Arctic owl, which along with several other animals consigned to the theatre from Washington state, he was assisting to unload.

The huge owl, doubtless chafing from its long imprisonment, flew at Fredericks and sank its talons in the flesh of his face, neck, arms and shoulders, lacerating him in a terrible manner. His strength was unavailing in an effort to ward off the owl's plunges at him, and when assistance arrived Fredericks was almost dead from the wounds which he had sustained.

In many places the bones of his breast and arms were laid bare, and the main artery of his left arm had been severed as if with a knife. He came near bleeding to death before a doctor's assistance could be procured, and it is stated that his death is momentarily expected from the shock of the encounter or loss of blood. Blood poisoning is also feared.

The owl was not subdued until it had been almost killed by other attendants of the resort.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at Hall's Drug Store; 25c.

NEWS OF OHIO

Mt. Vernon Phone Case.

Mt. Vernon, O., May 4.—At the meeting of the Mt. Vernon Telephone company, Frank L. Beam who has been general manager of the Columbus Citizens Telephone company, but has resigned to take the place of state organizer of the independent movement, was re-elected president. The capital stock of the company was increased from \$150,000 to \$200,000, the increase to be used in a new building and other improvements. Reports showed 213 telephones in operation.

No Developments in Bricker Case.

Mt. Vernon, O., May 4.—There have been no new developments in the Bricker case, although the officers are trying to secure evidence that will lead to the conviction of the guilty party.

Split in Pike.

Waverly, O., May 4.—The Pike county Republican central committee met to elect delegates to the state and senatorial conventions. A terrific contest ensued, Senator Patterson leading his forces in person. The opposition was led by General W. S. Jones, H. A. McKenzie and F. E. Dougherty. Upon the rollcall the opposition received 10 votes, while Patterson's slate could only muster eight. The Patterson forces then withdrew and held a separate meeting. Delegations to the state convention were named by both factions.

Mrs. Chadwick's Comment.

Cleveland, O., May 4.—When Mrs. Cassie Chadwick was told about Spear's sentence she displayed little emotion and contented herself with remarking: "The poor man I do not see what else he could have done. He got himself into trouble, but it was through no fault of mine." She began to weep a little when reminded that she was charged with conspiracy on the same count to which Spear pleaded guilty. She protested tearfully that she was guilty of no conspiracy and innocent of any wrongdoing.

Entered Plea of Guilty.

Marysville, O., May 4.—The case of George A. Baker, Watkins Powell, Fred Coonfar, A. L. Vogt and Jacob Swisher, prominent citizens of Delaware, O., who were indicted by the grand jury on a charge of conducting a brokerage office, commonly called a bucketshop, in Richmond, Union county, came before Judge Dow, and Baker entered a plea of guilty and was fined the minimum, \$200 and costs. The indictments against the others were nolled.

Elect New Directors.

Cleveland, O., May 4.—The stockholders of the Wheeling and Lake Erie railroad, at the annual meeting here elected two new directors. They are Frederick A. Delano of Chicago and Edgar T. Welles of New York. It was announced at the close of the meeting that the directors would meet in New York within a few days to elect officers. The Wheeling and Lake Erie is a part of Gould system.

McKinley Monument.

Canton, O., May 4.—The McKinley National Memorial association will meet in New York city May 10. The amended plans of Architect Maganigle will be presented for adoption, bids for the construction of the monument will be opened, and a contract will be let. It is expected that an order to begin work will also be issued.

Forgery Charged.

Athens, O., May 4.—Winfield Scott of Columbus formerly deputy auditor of Athens county, was placed under arrest on the charge of forgery filed by Prosecutor Foster. On account of his serious illness, bond was immediately arranged at his son's home and Mr. Scott will not be disturbed. Bond was fixed at \$10,000.

Well Known Railroader.

Portsmouth, O., May 4.—John Day committed suicide at Glenwood inn, Kenova, W. Va., by shooting himself through the head. He was recently a passenger conductor on the Norfolk and Western railroad between Wilkeson and Columbus.

Typhoid Causes Death.

Bladensburg, O., May 4.—Miss Olive Fowls, aged 13, daughter of Mr. and Mrs. Charles Fowls, died Tuesday of typhoid fever. Burial services took place Thursday morning.

Do not fail to hear Mme Tsilka at Plymouth church Friday evening, May 5, as it may be the last chance to hear the story of the captivity from either of the captives, as Miss Stone herself made a tour through the State of Ohio two years ago. It is far more interesting to hear Mme Tsilka tell the story than to read it from a book. Could you get the story in a book for 25 cents? At the same time you will be helping Mme Tsilka in the work for the Master.

STORMBOUND

Is the Presidential Hunting Party—
Rain and Snow Have Fallen
Continuously.

Glenwood Springs, Colo., May 4.—For three days the president's hunting party has been stormbound in the mountains. Rain and snow have fallen continuously, and there is no sign of a break. The roads are muddy and the trails accordingly dangerous for horsemen. The hunters intended to move to the East Divide creek Monday, but as the party will break up Saturday the camp will likely be moved to the head of Gardfield creek as soon as horsemen can get through. Mountain streams are raging torrents and most of them cannot be crossed. Grizzly bears are the only kind of game that will be hunted for from now on. Thus far this king of the Rocky mountain beasts has eluded the president, who is anxious to get one. Ten brown bears have fallen to the party some of good size. President Roosevelt is expected here Saturday morning instead of Sunday morning.

LITTLE BOY HURT IN EAST NEWARK

CHARLES STEVENS WHILE PLAY-
ING AT TURNABLE ON IN-
DIANA STREET

Fourteen Men Worked an Hour Before
Child Was Released—Legs Were
Badly Injured.

A distressing accident occurred on Wednesday evening about 6 o'clock, at the P. C. & St. L. turntable on Indiana street. Little Charles Stevens of North Stanberry street, was the victim. Charlie, who is eleven years old, with his younger brother and some other children were returning from work at the A. H. Heisey plant and had stopped to play on the turntable. It is so arranged that when started it will run several notches before stopping. It was started, and the little boy got on for a ride. In some way his legs were caught and he was pinioned between the table and the side of the pit, and his legs mashed badly, great pieces of flesh being torn from them.

Bowers & Criss Brothers' ambulance and Dr. Smith were called, and the boy was taken at once to his home and his injuries dressed.

Some idea of the weight of the table can be obtained from the fact that it took fourteen men over an hour to adjust the table so that the child could be released.

Dr. Smith states that he thinks there are no bones broken, but that the flesh is so terribly bruised and torn that it will be some time before the little boy can again be about.

Mr. Stevens, the father of the boy, and his family came to Newark but a short time ago from Bellaire, O., and Mr. Stevens is at present employed by the City Electric Light company, and the boys, having come here so late in the school year, were working at the factory until the coming school term at which time they expected to start in school.

This accident should be a lesson to parents and children, to keep clear of anything connected with railroads or railroad tracks as there is always great danger around these places.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and \$1.00, guaranteed at Hall's Drug Store. Trial bottle free.

Chambers Will Pitch in Games at
Notre Dame and Chicago—O. S.
U. Has Return Date.

Granville, O., May 4.—The hopes of the varsity men here are running high over the prospects of success on the western trip of the baseball team. The trip is now assured as the money has been advanced for the expenses. Denison will meet Notre Dame on May 15 and Chicago on the 16th. Chambers has signified his intention of pitching both games and it is thought that the task will not be too great.

Captain Chambers is the idol of the entire Denison university. His self possession in the game and his wonderful ability as a twirler have made him probably the most popular man in the school.

Upon Denison's return from the western trip, Ohio State will come to Granville on the 20th for a return game.

No it is not hard to understand why so many men go to ROE EMERSON'S for their spring suits and hats. There they find the stock and the styles also.

Don't Fail to Hear the Man.

TRUE
Before Mother's Friend was introduced.
The older the prospective mother be the more difficult the ordeal through which she must pass before she experiences the glory of the maternal state. This was true before.

Mother's Friend
was introduced, but now tangible evidence in the shape of countless mothers of advanced years who have used it with entire success forces us to gladly refute the integrity of this statement. Old or young, the result is the same. It is simply indispensable during the parturient state, and absolutely invaluable at the crucial time.

For external massage, easy and simple to apply, wonderful in its effect, it surely is a living monument to the truth of that old adage, "What's in a name?" We reply, "Simply Mother's Friend." \$1.00 at all druggists. Send for book, "Motherhood." It is free.

BAPTIST STATE MISSIONARY MEETING

Officers Elected at Granville Thursday Morning—Place of Meeting not Fixed Yet—Entertainment of Delegates by People of Granville.

Granville, May 4.—The seventeenth annual meeting of the Woman's Baptist Foreign Missionary Society, which is being held in the Baptist church, this place, is being attended by a large number of the Baptist women from all parts of the state, who are actively interested in mission work.

The sessions Wednesday were of unusual interest, and in addition to the regular program, which was published in the Advocate, the reports of the various officers were read.

Mrs. F. G. Cressey of Bedford, secretary for Northern Ohio, made the following report:

Mrs. Gress' Report.
"It has been a year of progress all along the line. More of our women have been attending the missionary meetings and more of these have been held monthly. With but few exceptions the associational secretaries have been faithful and enthusiastic in their work. Of the thirteen associations, six have exceeded their apportionment and all but one gave more than last year. More has been received in Northern Ohio than ever before, the total being \$2,767.45, which is an increase of \$270.45 over last year. Great credit is due to the associational secretaries upon whom the real burden of the work rests. A larger number of circles have been following the United Study courses this year than ever before, and there has been a greater demand for missionary literature.

The secretary has done but little traveling but through circular letters has tried to keep in touch with the churches of the district and by this means and much personal correspondence has endeavored to present the claims of world-wide evangelization. Much emphasis has been laid upon the necessity for definite, systematic prayer, as well as systematic giving for missions.

But with all the success of the year there is much yet to be done. There should be a greater number of our magazine, "The Helping Hand," taken by our Baptist women that they may know of the work being done for heathen women across the sea.

"There must be some plan for instructing the boys and girls in our Sunday schools as to God's present work in the world. Splendid plans have been offered by the Missionary Union which ought to be adopted in every Sunday school. More effort should be made for organizing the young women and girls of our churches that they may know how to carry on the work which will soon be in their hands. Let us then not be content with present attainments, but in the words of the late Mrs. Randall in her last address as president of the society of the west, 'Let us go up higher, up higher in spiritual attainments, in Christian living, in missionary service. Let us find the source of power that never fails.'"

The report of Mrs. Currier, secretary of Southern Ohio, came next and was as follows:

Report for Southern Ohio.
"The past year has been one of blessing and of much encouragement. Very excellent work has been done by some of our secretaries and the results are apparent. Mrs. Crippen has been quite busy in Zanesville and Columbus and Central Associations. Zanesville, Dayton and Columbus show a marked increase in funds for our treasury. Zanesville made a gain of nearly 33 per cent, Dayton more than 18 per cent, and Columbus 33 per cent. In these estimates only the general fund has been considered. Quite a considerable additional sum has been collected for special funds and many kind words have come."

Mrs. G. M. Peters of Cincinnati, who has served as Associational secretary of Miami Association, spoke from the Associational secretaries point of view: "How Can the State Society Help Them?"

Field Workers' Report.
Mrs. Crippen of Lima, O., the efficient Field Worker employed by the society, made the following report: "During the past year I have visited 67 Baptist churches; spoken at 196 meetings and conferences; made 335 calls; sent out 1135 pieces of mail and travelled 6936 miles. Clubs in all our missionary periodicals have been secured and many orders have been taken for missionary books and literature of all kinds."

A discussion of these reports followed, participated in by Mrs. Stillwell of Dayton, Mrs. Topping of Granville, Miss Scofield of Cleveland, Mrs. Ely of Zanesville, Mrs. Currier of Dayton, Mrs. Brinestool of Mt. Vernon, Mrs. Ely of Dayton, Mrs. Martin of Canton, and Mrs. Holmes of Granville. The discussion turned on the subject of the advisability of introducing special missionary teaching in the Sunday schools. It appeared in this discussion that the Sunday school department of the Baptist Publication Society, represented by Mr. Holmes and also many individual schools, were at considering the best way of doing this. It also appeared that the outlook of the whole work as carried

on by the Baptist women of Ohio is most hopeful.

The meeting of the Women's Baptist Mission Society of the West, which has just been held in Minneapolis, was reported by Mrs. Stillwell of Dayton, who had come directly from there.

The missionaries present were then introduced. These were Mrs. Anna K. Scott, M. D., missionary physician at Swatow; Mrs. Topping of Tokio, both of whom are at home on leave of absence; Miss Patterson of Chicago, and Miss Peck of Cleveland, both of whom are under appointment to the foreign field. Each of these women spoke enthusiastically and lovingly of her chosen work.

The Committees.

The following committees were then appointed:
Program committee: Mrs. Thane Miller, Mrs. Wilbur, Dayton; Mrs. Slocum, Columbus.

Nominating committee: Mrs. Ingersoll, Cleveland; Mrs. Rose, Granville. Place of Meeting: Mrs. Myers, Toledo; Mrs. Hartman, Toledo; Mrs. Barry, Canton.

A most bountiful dinner was served to about 150 delegates by the Methodist women at their church across the street.

The roll call showed that eighteen associations of the state were represented by delegates.

The last number on the literary part of the afternoon program closed with a discussion of "Our State Work," led by Mrs. H. A. Sherwin, Cleveland, followed by Mrs. Stillwell of Dayton, who spoke of the early history of the State society, and the cause of its organization. Mrs. Stillwell was president for ten years. Mrs. L. T. Scofield of Cleveland, the second president, spoke of the work of the society, and what has been accomplished.

The following additional delegates reported at the convention on Wednesday, and were assigned as follows:

Mrs. J. E. Turner, Toledo; Mrs. Dr. Hunt.
Mrs. W. E. Loucks, Toledo; Mrs. Prof. W. Chamberlin.

TROLLEY LINE MAY BE CONSTRUCTED

DR. SHRONTZ AND MR. ELLIOTT ARE CALLED TO NEW YORK FOR CONFERENCE.

Construction of Newark, Martinsburg, Mt. Vernon Line Would be Another Boost for Newark.

From all present appearance, the proposed Newark, Martinsburg and Mt. Vernon electric road is a sure thing. A very important move was made in this connection Wednesday when Dr. Shrontz and Mr. Frank E. Elliott of Martinsburg passed through the city enroute to New York City to confer with capitalists who are interested in the proposition. These gentlemen have been in correspondence with the eastern parties for some time, and it is evident that interest is being aroused in the proposition, for on Tuesday these gentlemen received a telegram asking them to come to New York at once.

If this road is put through, it will mean another great step in the growth of Newark. A number of influential Newark parties are interested.

ENGINEER JOHNS

Receives Letter From His Father Who is Making Extended Visit in Germany.

Mr. Henry C. Johns, the well known Baltimore and Ohio engineer, has just received a letter from his father, Mr. Augustus Johns, who is making an extended visit with his sister, whom he had not seen for years, in Mannheim, Germany. Mr. Johns left for the old country in March, and expects to remain there until fall. After visiting his sister for some time he will go to Berne, Switzerland, his old home, where he will remain for some time. He gives the following very interesting description of Mannheim:

"Mannheim is not the small, closely built, quaint town with narrow streets and ancient houses smacking of times long since past, which we sons of a new-born country call before our minds when we think of a European and especially of a German town. Mannheim is a city as modern in almost every respect as any city of its size in the United States. Indeed, it has the name of being the most American-like city in Germany. The city has a population of nearly 160,000, and has beautiful parks, excellently paved and very clean streets, all straight and running at right angles, splendid public buildings, one of the finest music halls in the country, large, well built houses of sand stone or brick, large department stores, two of which have just been built, elegant buildings, has good electric transportation facilities, enormous industries of every kind, large harbors; in short is quite a modern wide-awake city. Its situation at the head of the Rhine navigation gives it a pre-eminent position in commercial circles. Its numerous and extensive harbors accommodate enormous barges, and as the Rhine is navigable from Mannheim to the North Sea (Rotterdam), the importance of Mannheim as a shipping center can easily be realized. Vast quantities of merchandise are assembled here to be forwarded by water to other parts of the Empire, and to be exported to foreign countries. The exports from the Mannheim consular district aggregate \$5,000,000 annually."

\$125,000 For Canal Work.

Coshocton, O., May 4—The contracts for the improvements of the northern division of the Ohio canal will now be signed by the state board of public works. The disappointed bidders who enjoyed the work have notified the state that they would not

fight the matter further. At the next meeting of the board advertisements will be prepared for bids for \$125,000 worth more of work. This comes under the legislative appropriations for the second year. Inasmuch as this is the busy season on the canal the water will not be drained off for 60 days, so that coal now on the banks may be moved. The canal then will be out of business for five months.

BUILDING FALLS

Three People Are Killed and Half a Dozen Injured by Collapse at Omaha.

Omaha, Neb., May 4. — Three persons were killed and six injured, none fatal, by the collapse of a three-story building. The building was occupied by the Omaha Casket company, and the killed and injured were, with one exception, employees of that concern. The dead are: Jacob Kirschner, L. Monmartin and Henry Diell. The collapse of the casket factory was due to a heavy windstorm, which at a point near the factory assumed the proportions and action of a tornado. The building was a substantial one of brick, three stories high, and the collapse came without warning. W. A. Smith, the shipping clerk, who was the first to extricate himself, said he saw the storm coming and went to a door to close it. Just as he reached the door the whirling storm struck the building, the roof was raised into the air and dropped, causing the heavy brick walls to collapse.

DYNAMITE

FOUND UPON A PRISONER WHO WAS ARRESTED WEDNESDAY.

Police Handled the Explosive Very Carefully and Watched Mr. Foutz Closely.

When Officers Bailey and Snooks searched George Foutz, a plain drunk, at the police station Wednesday evening, they thought for a time that they had captured an anarchist or a Russian rioter. Two large sticks of dynamite and a fuse were among the articles taken from the prisoner. The coppers handled the stuff very carefully and until Foutz told them that he was using the explosive for blasting purposes they did not cease to watch their prisoner narrowly. The man was fined \$1 and costs.

Man's Unreasonableness.

Is often as great as woman's. But Thos S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My Wife was then so sick she could hardly leave her bed, and five (5) physicians failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Frank D. Hall, druggist, price 50c.

TAINTED MONEY

Subject of Dr. Carr's Talk at Y. M. C. A. Next Sunday Afternoon—People are invited.

Dr. C. S. Carr at Columbus, editor of Medical Talk, will be present at the Men's Meeting next Sunday afternoon and discuss the much talked of subject, "Tainted Money." Dr. Carr takes a very practical view of whether or not the church should accept Standard Oil

money. His address on this subject, delivered in Columbus recently, was published in the Columbus papers, and though his views are not in accord with some eminent people in the church, he nevertheless represents the thought of a very considerable part of the lay members. Dr. Carr's address will doubtless be listened to with interest by a very large number of the citizens of Newark.

FOOLED THE DOCTOR

Young Men Manufacture a Case of Heart Disease and Call in a Physician.

A good story is being told on a certain well known physician of this city. Several young men who have a penchant for fun, and who will go out of their way to get it, put their heads together and made up their minds to play a little joke on the aforesaid mentioned doctor. They secured a large air bulb, fitted with a long tube, and by a simple manipulation on the part of the operator it could be made to pulsate and throb like a human heart. One of the young men placed the bulb over his heart, and had a hurry call sent in to the doctor, who arrived on the scene in a few moments. The young man told the doctor that he had been having much trouble with his heart of late and that he believed that he was not long for this world. The doctor placed his ear to the young man's breast, when several vigorous squeezes of the air compressor caused the bulb to jump and flutter like a thing of life. The doctor at once became greatly excited, and made the remark that the case was one that required strenuous work on his part to save the young man's life as he was in a very dangerous condition and liable to drop off at any moment. Again he placed his ear to the young man's heart, only to start back in alarm and cry out, for never before had he had such an experience. The heart seemed to be beating like a steam trip hammer, and he realized that desperate measures were necessary. Calling for his medicine case he moved up a big dose of medicine and was about to administer it to the young man when the others who were in the plot and could hold in no longer, burst out laughing and one of them rolled on the floor in his glee. Not till then did the doctor realize the joke that was being played on him, and it is a sure thing that he will never forget it.

BARN DESTROYED

Building on Fred Haugh Farm in Western Licking County Burned Early Thursday Morning.

Paraskata, (St. Joe Road), May 4—Fire destroyed a barn and another out building early this morning on the Fred Haugh farm near here. Mr. Jas. Tharp, who rents the farm was awakened about one o'clock this morning to find the barn in which were his team of horses and farming implements, together with grain and hay, in flames. Just how the fire started is a mystery. Mr. Tharp was in the barn about 9 o'clock feeding his team, but he had no light with him, and as he does not smoke it is supposed to be the work of an incendiary. In some manner at least two horses escaped, just now is not known, as one of them was very securely tied last night. The amount of the loss will probably be about \$200, upon which there was no insurance. Mr. Tharp's loss consists of hay, grain, harness and abuggy.

AN UNUSUAL OPPORTUNITY.

Wiles-Erman will pay back your money if Pepsikola fails to cure dyspepsia. "Never in the history of this store," said one of the above druggists to a representative of a wholesale drug house, "has there been so great a demand for a new remedy as there is just now for Pepsikola."

Newark people are coming in every day inquiring if it really is true that we sell Pepsikola with the understanding it will cure dyspepsia or pay back the money. "Of course this guarantee plan is quite unusual but we do just as we agree and we will hand back your quarter without the least argument if you are not decidedly benefited." "As a matter of fact," continued the druggist, "not one person in fifty has asked for their money, and it may surprise you to know at least a dozen within the last ten days have been in to tell us how much they have been relieved and how glad they are to know at last there is a remedy that really will cure indigestion and dyspepsia."

Pepsikola braces up and tones every nerve and fibre, helps digest the food, puts new life into the digestive organs, improves the appetite, clears up the complexion, cures biliousness, dizzy spells, coated tongue and sick head ache.

Try it for ten days, and if you don't see a big improvement step in and tell Wiles-Erman & Co., and they will hand back your money cheerfully and without argument.

NEWS IN NEWARK

Great Interest Taken in Fate of Actress Nan Patterson—Jury Has Again Disagreed.

The scene of Actress Nan Patterson's third trial on the charge of murdering Bookmaker Young, though 600 miles distant, attracted as much interest in Newark as it had been in an adjoining county. Evidence of the widespread interest in the show girl's fate was shown Wednesday evening by the numerous inquiries by telephone to this office. Practically every body wanted to learn the latest news from the jury room, and people called the telegraph office as late as midnight to learn if possible the decision of the jury.

The case went to the jury at 1:02 p. m. An hour later a local broker's bulletin reported that the Floradora girl had been acquitted, but a special and exclusive dispatch to the Advocate denied this rumor, saying that the only ballot taken up to 3:30 p. m., had stood 9 for acquittal and 3 for conviction. The rumor spread about town, that Miss Patterson had been given her liberty and the Advocate was ridiculed for being behind with the real news, but developments proved the truth of the Advocate's special dispatch. Early Thursday morning the jury reported to Recorder Goff its inability to agree and the jurors were discharged. Miss Patterson fainting when the news was announced.

The girl may be tried a fourth time or upon recommendation of the district attorney the indictment against her may be quashed.

Newark people to a very large extent sympathize with the fair defendant. One prominent man voiced the sentiment of many when he said today: "I am sorry the jury disagreed. I have never seriously doubted that Nan Patterson shot Caesar Young, but I wanted to see her go free, nevertheless."

Another said: "Why should Nan Patterson choose a public conveyance and a public street to kill her lover, when if she had been so minded she might easily have done it in the seclusion of a room and made suicide apparent?"

Guilt or not? The answer may never be known. After three trials without a verdict, the chances are that no dozen men can ever be gotten together who will agree upon her guilt or innocence. The girl may be kept in prison for some time, but the general belief is that the district attorney will be convinced that a fourth trial will prove futile. Then he may ask the court to give the Floradora girl her liberty.

Caesar Young died on June 4, 1901. Just one person knows positively whether he died by his own hand or was shot to death by the defendant—and Nan says she didn't do it.

There is an impression abroad that powerful influences in New York are against any verdict of acquittal of Nan Patterson, though it has become apparent that no jury can be gotten to convict her.

NEWARK WOODMEN

Highly Pleased With Their Treatment at Dayton and the Election of R. R. Jones as Delegate.

A message from Dayton in another column tells of the election of Rees R. Jones as delegate to the National Camp of Woodmen to be held in Milwaukee on June 20.

The members of the Newark camp were highly pleased with their treatment in Dayton. They were highly entertained and one member states that they never were so finely entertained as by the Dayton camp this year.

The next state camp will be held at Portsmouth. The following Licking men were delegates to the Dayton camp: Rees R. Jones, John P. Lamb, E. W. Murphy, W. S. Brandriff, and Dr. B. B. Ashbrook.

The Newark camp is in fine condition, having eleven hundred members, making it the banner camp of the state.

THE W. C. T. U.

The Union held an enjoyable meeting Tuesday afternoon. After the devotional service, business matters were discussed as rapidly as possible. In the absence of the president, Mrs. Sisson, the vice president very ably filled the chair.

The institute to be held here on the 12th or May in the First Presbyterian church was the topic of conversation. A good time is anticipated, and a free dinner and supper will be served in the Rest Room over Metz' meat market.

Next week a mothers' meeting will be the subject. All mothers should be present, as many helpful things are brought before the mothers on these occasions.

LINGAFELTER

Claims Amounting to About \$140,000 Presented but Objected to—Appointment of Trustee.

As briefly stated in Wednesday's Advocate, Mr. E. W. Crayton, cashier of the Licking County bank, was appointed trustee in the James F. Lingafelter bankruptcy case by Referee Rogers, his bond being \$35,000.

The office of trustee is much the same as receiver and the duty is along the line of adjusting the claims.

Both the Homestead Building and Savings association and the Newark Savings Bank people presented claims aggregating about \$140,000.

James F. Lingafelter objected to the allowance in both cases, and the matter will be heard by the referee sometime this month, although the exact time is not known.

Most Important Railway Meeting.

Washington, May 4.—The most important convention of railroad men ever held in America, was formally opened this morning when the seventh international railway congress held its first meeting. There were present representatives of railroads of every country in the world in which rail traffic forms of an important function in the life of the people. Vice president Fairbanks welcomed the delegates to America, and Stuyvesant Fish welcomed the delegates in behalf of the railroads.
